GRAZ

FRITZi IS BRINGING IT STRAIGHT TO YOU!

Nowadays a lot of information is only available online. We're changing that!

FRITZi the cargo bike, brought to you by the City of Graz department for women and equality, is dedicated to addressing the needs of women by offering information on resources, events and programmes for women in Graz.

FRITZi and team will be found twice a week at various locations around the city, where we'll do our very best to provide tailored information and answer your specific questions. Further dates, locations and any changes can also be found at graz.at/fritzibringts.

We look forward to meeting you! Your Team from the department of women and equality.
